

LHD Cable Accessory - Bracket “I” with sleeve (ACA-BI) Alarmline II Series

Overview

The ACA-BI series I-bracket (extension pieces) is designed to extend the positioning of linear heat cable installed on 7-brackets and edge clips. A silicon protection sleeve is supplied with the unit to protect the sensor cable when fastened to the bracket.

Installation

The ACA-BI may be fitted to the bracket or clip and secured in place using a suitable bolt and nut at one end. The hole at the other end of the bracket allows for the securing of the sensor cable using a silicone sleeve and cable tie. The extension piece allows support for the sensor cable an additional 200mm (approximately) away from the end of the bracket or clip

Recommended spacing: 1m.

Standard Features

- Easy installation of linear heat cable
- For use on existing pipes in the area
- Available in zintec or stainless steel
- Available in quantities of 25 or 100
