

# Junction Box with Cable Glands & Terminals

## Alarmline II Series

### Overview

The ACA-JBW junction box is designed to join and protect linear heat sensor cable against damage when cable joints are required.

The junction box is weatherproof and is supplied with cable glands and terminals to facilitate connection of cables, even in harsh environments.

### Standard Features

- Easy connections of linear heat cable
- High IP rating for outdoor applications
- Supplied with connection terminals and glands
